

LEADING EUROPEAN PREMIUM CAR CUSTOMISATION COMPANY OFFERS BUGATTI CHIRON FOR SALE IN BITCOINS.

THE NETHERLANDS, 18 SEPTEMBER 2021, DUTCH BASED PREMIUM CAR CUSTOMISATION COMPANY ABSOLUTE MOTORS ANNOUNCED TODAY THAT IT HAS TEAMED UP WITH CRYPTO-CURRENCY BROKER-AGE INSTACOINS, TO ALLOW THEIR CLIENTS TO PAY FOR THEIR CAR PERSONALISATION IN BITCOINS. TO CELEBRATE THIS OCCASION, IT NOW OFFERS A BUGATTI CHIRON FOR SALE IN BITCOINS.

Absolute Motors is paving the way for crypto payments, embracing the demand for swift and secure transactions via alternative methods thanks to Estonia-based Instacoins. "Given our high demand clientele, we are always pushing ourselves to be a step ahead in customer experience. Our partnership with Instacoins enables us to offer our customers a safe and secure payment experience with crypto", says Kenneth de Pruijsenaere de la Woestijne, founder of Absolute Motors

"We've trialled working with Instacoins on a couple of occasions with some friendly customers on some projects and we were impressed by the swift and fast process in executing the payments. We're now confident to add bitcoins to our regular payment portfolio and we celebrate this by offering the opportunity to purchase a Bugatti Chiron in Bitcoins", adds Patrick Meijer, CEO of Absolute Motors.

Instacoins founder Adrian Kreter says: "There is an ever-growing demographic who wants to use cryptocurrency to finance their purchases – from everyday goods to luxury items, from daily coffee to buying a new car. Merchants have, however, generally been reluctant to offer this option to their customers. "It is with great pleasure that Instacoins welcomes on board Absolute Motors, who are proving themselves to be frontrunners not only in the premium car customisation space, but also in offering crypto-currency payment options", adds Mr Kreter.

About Instacoins Estonia Ou
